The Executives' Association of the Palm Beaches

A Select Group of Business and Professional Leaders

Dedicated to the promotion of business and the exchange of friendship, this component of an international organization is comprised of the area's top businesses. Each member firm is exclusive in its category of business or profession. The firm is represented by either the president, the C.E.O., C.O.O., or, in the case of a member firm based outside the area, the general manager.

The Executives' Association meets at 7:15 a.m. every Tuesday at the Bear Lakes Country Club for discussion and exchange of referrals, to hear a presentation by a member about his or her business, and to enjoy breakfast. The meeting always ends promptly at 8:30 a.m. That evening, there is an open house at the presenting member's place of business, so that fellow members can be more familiar with its products and services.

To achieve the primary purpose of business referral in the Association, members contribute to one another by generating "leads" and business recommendations. In addition, they receive from their fellow members personal and immediate attention to their needs and requests.

A firm is considered for membership on the basis of its presence in the community, established reputation, and outstanding performance in its field. As membership is by invitation only, it is a distinct honor to be selected.

The benefits of membership include:

- Instant affiliation with the area's prominent decision makers
- Excellent business leads and referrals
- Each firm is exclusive in its category
- Members are potential clients as well as dependable suppliers
- Exchange of business ideas and procedures
- Friendships which would normally take years to establish

By completing this application you are considering membership in one of the most exclusive and effective business organizations of Palm Beach County.
